### *Petition Statement – Possible Mission Statement*

*to provide a forum through which members can contribute research leading to greater understanding, inclusivity, equity, and diversity in music education. Research will promote critical review and development of policy, music's role in shaping societal impact, cultural sensitivity, development of interaction and relationships with music as a conduit, the role of music and music education in conflict resolution, music experiences that affect and shape black and brown lives, and racism and anti-racist pedagogies and policies.*
